OFFICES & INDUSTRIAL

DORMER TOOLS HEAD OFFICE, AMP WAVERLEY

CLIENT:

Strategic Sites Ltd

PROJECT:

Dormer Tools Ltd Advanced Manufacturing Park, Rotherham

LOCATION:

Rotherham

SIZE:

20,499 sq ft

“Strategic Sites were very pleased with the relationship formed with BDB Design Build Ltd for the construction of the first phase of our developments at the AMP which is seen as a very important development on this prestigious site. This first phase included fifteen high-tech manufacturing units of various sizes as well as the new multi-million pound HQ for Dormer Tools Ltd incorporating state-of-the-art new research and development facility. We would be more than happy to use BDB Design Build for further developments both at AMP and other sites in the future and look forward to progressing other opportunities.”

Paul Simmonds
Projects Director
Strategic Sites Ltd
